I.3.1 52.209-1 Qualification Requirements (Feb 1995)

- a) *Definition.* "Qualification requirement," as used in this clause, means a Government requirement for testing or other quality assurance demonstration that must be completed before award.
- b) One or more qualification requirements apply to the supplies or services covered by this contract. For those supplies or services requiring qualification, whether the covered product or service is an end item under this contract or simply a component of an end item, the product, manufacturer, or source must have demonstrated that it meets the standards prescribed for qualification before award of this contract. The product, manufacturer, or source must be qualified at the time of award whether the name of the product, manufacturer, or source is actually included on a qualified products list, qualified manufacturers list, or qualified bidders list. Contractors should contact the agency activity designated below to obtain all requirements that they or their products or services, or their subcontractors or their products or services, must satisfy to become qualified and to arrange for an opportunity to demonstrate their abilities to meet the standards specified for qualification.
- c) If an contractor, manufacturer, source, product, or service covered by a qualification requirement has already met the standards specified, the relevant information noted below should be provided.

Contractor's Name _____
Manufacturer's Name _____
Source's Name _____
Item Name _____
Service Identification _____
Test Number _____(to the extent known)

- d) Even though a product or service subject to a qualification requirement is not itself an end item under this contract, the product, manufacturer, or source must nevertheless be qualified at the time of award of this contract. This is necessary whether the contractor or a subcontractor will ultimately provide the product or service in question. If, after award, the CO discovers that an applicable qualification requirement was not in fact met at the time of award, the CO may either terminate this contract for default or allow performance to continue if adequate consideration is offered and the action is determined to be otherwise in the Government's best interests.

- e) If an contractor, manufacturer, source, product, or service has met the qualification requirement but is not yet on a qualified products, qualified manufacturers, or qualified bidders list, the contractor must submit evidence of qualification prior to award of this contract. Unless determined to be in the Government's interest, award of this contract shall not be delayed to permit an contractor to submit evidence of qualification.
- f) Any change in location or ownership of the plant where a previously qualified product or service was manufactured or performed requires reevaluation of the qualification. Similarly, any change in location or ownership of a previously qualified manufacturer or source requires reevaluation of the qualification. The reevaluation must be accomplished before the date of award.

I.3.2 52.215-19 Notification of Ownership Changes (Oct 1997)

- a) The contractor shall make the following notifications in writing:
 - 1) When the contractor becomes aware that a change in its ownership has occurred, or is certain to occur, that could result in changes in the valuation of its capitalized assets in the accounting records, the contractor shall notify the Administrative Contracting Officer (ACO) within 30 days.
 - 2) The contractor shall also notify the ACO within 30 days whenever changes to asset valuations or any other cost changes have occurred or are certain to occur because of a change in ownership.
- b) The contractor shall-
 - 1) Maintain current, accurate, and complete inventory records of assets and their costs;
 - 2) Provide the ACO or designated representative ready access to the records upon request;

- b) All delivery orders or task orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control.

I.3.4 52.216-19 Order Limitations (Oct 1995)

- a) Minimum order. When the Government requires supplies or services covered by this contract in an amount of less than \$2,500, the Government is not obligated to purchase, nor is the contractor obligated to furnish, those supplies or services under the contract.

- c) If this is a requirements contract (i.e., includes the requirements clause at [FAR subsection 52.216-21](#)), the Government is not required to order a part of any one requirement from the contractor if that requirement exceeds the maximum-order limitations in paragraph (b) of this section.
- d) Notwithstanding paragraphs (b) and (c) of this section, the contractor shall honor any order exceeding the maximum order limitations in paragraph (b), unless that order (or orders) is returned to the ordering office within three days after issuance, with written notice stating the contractor’s intent not to ship the item (or items) called for and the reasons. The contractor shall furnish to the Government, when and if ordered, the supplies or services specified in the Schedule up to and including the quantity designated in the Schedule as the “maximum.” The Government shall order at least the quantity of supplies or services designated in the Schedule as the “minimum.
- c) Except for any limitations on quantities in the Order Limitations clause or in the Schedule, there is no limit on the number of orders that may be issued. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.
- d) Any order issued during the effective period of this contract and not completed within that period shall be completed by the contractor within the time specified in the order. The contract shall govern the contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; provided, that the contractor shall not be required to make any deliveries under this contract after one year from the end date of the contract's effective period.

I.3.13 52.232-32 Performance-Based Payments (Feb 2002)

- a) Amount of payments and limitations on payments. Subject to such other limitations and conditions as are specified in this contract and this clause, the amount of payments and limitations on payments shall be specified in the contract’s description of the basis for payment.
- b) Contractor request for performance-based payment. The contractor may submit requests for payment of performance-based payments not more frequently than monthly, in a form and manner acceptable to the CO. Unless otherwise authorized by the CO, all performance-based payments in any period for which payment is being requested shall be included in a single request, appropriately itemized and totaled. The contractor’s request shall contain the information and certification detailed in paragraphs (l) and (m) of this clause.
- c) Approval and payment of requests.

- 1) The contractor shall not be entitled to payment of a request for performance-based payment prior to successful accomplishment of the event or performance criterion for which payment is requested. The CO shall determine whether the event or performance criterion for which payment is requested has been successfully accomplished in accordance with the terms of the contract. The CO may, at any time, require the contractor to substantiate the successful performance of any event or performance criterion which has been or is represented as being payable.
 - 2) A payment under this performance-based payment clause is a contract financing payment under the Prompt Payment clause of this contract and not subject to the interest penalty provisions of the Prompt Payment Act. The designated payment office will pay approved requests on the 30th day after receipt of the request for performance-based payment. However, the designated payment office is not required to provide payment if the CO requires substantiation as provided in paragraph (c)(1) of this clause, or inquires into the status of an event or performance criterion, or into any of the conditions listed in paragraph (e) of this clause, or into the contractor certification. The payment period will not begin until the CO approves the request.
 - 3) The approval by the CO of a request for performance-based payment does not constitute an acceptance by the Government and does not excuse the contractor from performance of obligations under this contract.
- d) Liquidation of performance-based payments.
- 1) Performance-based finance amounts paid prior to payment for delivery of an item shall be liquidated by deducting a percentage or a designated dollar amount from the delivery payment. If the performance-based finance payments are on a delivery item basis, the liquidation amount for each such line item shall be the percent of that delivery item price that was previously paid under performance-based finance payments or the designated dollar amount. If the performance-based finance payments are on a whole contract basis, liquidation shall be by either pre-designated liquidation amounts or a liquidation percentage.
 - 2) If at any time the amount of payments under this contract exceeds any limitation in this contract, the contractor shall repay to the Government the excess. Unless otherwise determined by the CO, such excess shall be credited as a reduction in the unliquidated performance-based payment balance(s), after adjustment of invoice payments and balances for any retroactive price adjustments.
- e) Reduction or suspension of performance-based payments. The CO may reduce or suspend performance-based payments, liquidate performance-

based payments by deduction from any payment under the contract, or take a combination of these actions after finding upon substantial evidence any of the following conditions:

- 1) The contractor failed to comply with any material requirement of this contract (which includes paragraphs (h) and (i) of this clause).
- 2) Performance of this contract is endangered by the contractor's-
 - i) Failure to make progress; or
 - ii) Unsatisfactory financial condition.
- 3) The contractor is delinquent in payment of any subcontractor or supplier under this contract in the ordinary course of business.

f) Title.

- 1) Title to the property described in this paragraph (f) shall vest in the Government. Vestiture shall be immediately upon the date of the first performance-based payment under this contract, for property acquired or produced before that date. Otherwise, vestiture shall occur when the property is or should have been allocable or properly chargeable to this contract.
- 2) "Property," as used in this clause, includes all of the following described items acquired or produced by the contractor that are or should be allocable or properly chargeable to this contract under sound and generally accepted accounting principles and practices:
 - i) Parts, materials, inventories, and work in process;
 - ii) Special tooling and special test equipment to which the Government is to acquire title under any other clause of this contract;
 - iii) Nondurable (i.e., non-capital) tools, jigs, dies, fixtures, molds, patterns, taps, gauges, test equipment and other similar manufacturing aids, title to which would not be obtained as special tooling under paragraph (f)(2)(ii) of this clause; and
 - iv) Drawings and technical data, to the extent the contractor or subcontractors are required to deliver them to the Government by other clauses of this contract.
- 3) Although title to property is in the Government under this clause, other applicable clauses of this contract (e.g., the termination or special tooling clauses) shall determine the handling and disposition of the property.
- 4) The contractor may sell any scrap resulting from production under this contract, without requesting the CO's approval, provided that any significant reduction in the value of the property to which the Government has title under this clause is reported in writing to the CO.
- 5) In order to acquire for its own use or dispose of property to which title is vested in the Government under this clause, the contractor

- must obtain the CO's advance approval of the action and the terms. If approved, the basis for payment (the events or performance criteria) to which the property is related shall be deemed to be not in compliance with the terms of the contract and not payable (if the property is part of or needed for performance), and the contractor shall refund the related performance-based payments in accordance with paragraph (d) of this clause.
- 6) When the contractor completes all of the obligations under this contract, including liquidation of all performance-based payments, title shall vest in the contractor for all property (or the proceeds thereof) not-
- i) Delivered to, and accepted by, the Government under this contract; or
 - ii) Incorporated in supplies delivered to, and accepted by, the Government under this contract and to which title is vested in the Government under this clause.
- 7) The terms of this contract concerning liability for Government-furnished property shall not apply to property to which the Government acquired title solely under this clause.
- g) Risk of loss. Before delivery to and acceptance by the Government, the contractor shall bear the risk of loss for property, the title to which vests in the Government under this clause, except to the extent the Government expressly assumes the risk. If any property is damaged, lost, stolen, or destroyed, the basis of payment (the events or performance criteria) to which the property is related shall be deemed to be not in compliance with the terms of the contract and not payable (if the property is part of or needed for performance), and the contractor shall refund the related performance-based payments in accordance with paragraph (d) of this clause.
- h) Records and controls. The contractor shall maintain records and controls adequate for administration of this clause. The contractor shall have no entitlement to performance-based payments during any time the contractor's records or controls are determined by the CO to be inadequate for administration of this clause.
- i) Reports and Government access. The contractor shall promptly furnish reports, certificates, financial statements, and other pertinent information requested by the CO for the administration of this clause and to determine that an event or other criterion prompting a financing payment has been successfully accomplished. The contractor shall give the Government reasonable opportunity to examine and verify the contractor's records and to examine and verify the contractor's performance of this contract for administration of this clause.
- j) Special terms regarding default. If this contract is terminated under the Default clause, (1) the contractor shall, on demand, repay to the

- Government the amount of unliquidated performance-based payments, and (2) title shall vest in the contractor, on full liquidation of all performance-based payments, for all property for which the Government elects not to require delivery under the Default clause of this contract. The Government shall be liable for no payment except as provided by the Default clause.
- k) Reservation of rights.
- 1) No payment or vesting of title under this clause shall-
 - i) Excuse the contractor from performance of obligations under this contract; or
 - ii) Constitute a waiver of any of the rights or remedies of the parties under the contract.
 - 2) The Government's rights and remedies under this clause-
 - i) Shall not be exclusive, but rather shall be in addition to any other rights and remedies provided by law or this contract; and
 - ii) Shall not be affected by delayed, partial, or omitted exercise of any right, remedy, power, or privilege, nor shall such exercise or any single exercise preclude or impair any further exercise under this clause or the exercise of any other right, power, or privilege of the Government.
- l) Content of contractor's request for performance-based payment. The contractor's request for performance-based payment shall contain the following:
- 1) The name and address of the contractor;
 - 2) The date of the request for performance-based payment;
 - 3) The contract number and/or other identifier of the contract or order under which the request is made;
 - 4) Such information and documentation as is required by the contract's description of the basis for payment; and
 - 5) A certification by a contractor official authorized to bind the contractor, as specified in paragraph (m) of this clause.
- m) Content of contractor's certification. As required in paragraph (l)(5) of this clause, the contractor shall make the following certification in each request for performance-based payment:

I certify to the best of my knowledge and belief that-

- 1) This request for performance-based payment is true and correct; this request (and attachments) has been prepared from the books and records of the contractor, in accordance with the contract and the instructions of the CO;

- 2) (Except as reported in writing on _____), all payments to subcontractors and suppliers under this contract have been paid, or will be paid, currently, when due in the ordinary course of business;
- 3) There are no encumbrances (except as reported in writing on _____) against the property acquired or produced for, and allocated or properly chargeable to, the contract which would affect or impair the Government's title;
- 4) There has been no materially adverse change in the financial condition of the contractor since the submission by the contractor to the Government of the most recent written information dated _____; and
- 5) After the making of this requested performance-based payment, the amount of all payments for each deliverable item for which performance-based payments have been requested will not exceed any limitation in the contract, and the amount of all payments under the contract will not exceed any limitation in the contract.

- 2) The Act also requires contractors to furnish a disclosure if any funds other than Federal appropriated funds (including profit or fee received under a covered Federal transaction) have been paid, or will be paid, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a Federal contract, grant, loan or cooperative agreement.
- 3) The prohibitions of the Act do not apply under the following condition:
 - i) Agency and legislative liaison by own employees.
 - (A) The prohibition on the use of appropriated funds, in

- subparagraph (b)(1) of this clause, does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a covered Federal action if the payment is for agency and legislative liaison activities not directly related to a covered Federal action.
- (B) For purposes of subdivision (b)(3)(I)(A) of this clause, providing any information specifically requested by an agency or Congress is permitted a any time.
 - (C) The following agency and legislative liaison activities are permitted any time where they are not related to a specific solicitation for any covered Federal action:
 - (1) Discussing with an agency the qualities and characteristics (including individual demonstrations) of the person's products or services, conditions or terms of sale, and service capabilities.
 - (2) Technical discussions and other activities regarding the application or adaptation of the person's products or services for an agency's use.
 - (D) The following agency and legislative liaison activities are permitted where they are prior to formal solicitation of any covered Federal action-
 - (1) Providing any information not specifically requested but necessary for an agency to make an informed decision about initiation of a covered Federal action;
 - (2) Technical discussions regarding the preparation of any unsolicited proposal prior to its official submission; and,
 - (3) Capability presentations by persons seeking awards from an agency pursuant to the provision of the Small Business Act, as amended by Pub. L. 95-507, and subsequent amendments.
 - (E) Only those services expressly authorized by subdivision (b)(3)(I)(A) of this clause are permitted under this clause.
 - ii) Professional and technical services.
 - (A) The prohibition on the use of appropriated funds, in subparagraph (b)(1) of this clause, does not apply in the case of-
 - (1) A payment of reasonable compensation made to an officer of employee of a person requesting or receiving a covered Federal action or any extension, continuation, renewal, amendment, or modification of a covered Federal action, if payment is for professional or technical services rendered directly in

- the preparation, submission, or negotiation of any bid, proposal or application for that Federal action or for meeting requirements imposed or pursuant to law as a condition for receiving that Federal action.
- (2) Any reasonable payment to a person, other than an officer or employee of a person requesting or receiving a covered Federal action or any extension, continuation, renewal, amendment, or modification of a covered Federal action if the payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal or application for that Federal action or for meeting requirements imposed or pursuant to law as a condition for receiving that Federal action. Persons other than officers or employees of a person requesting or receiving a covered Federal action include consultants and trade associations.
- (B) For purposes of subdivision (b)(3)(ii)(A) of this clause, “professional” and technical services” shall be limited to advice and analysis directly applying any professional or technical discipline. The following examples are not intended to be all-inclusive, to limit the application of the professional or technical exemption provided in the law, or to limit the exemption to licensed professionals. For example, drafting of a legal document accompanying a bid or proposal by a lawyer is allowable. Similarly, technical advice provided by an engineer on the performance or operational capability of a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communication with a technical person (such as a licensed accountant) are not allowable under this section unless they provide advice and analysis directly applying their professional or technical expertise and unless the advice or analysis is rendered directly and solely in the preparation, submission or negotiation of a covered Federal action. Thus, for example, communication with the intent to influence made by a lawyer that do not provide legal advice or analysis directly and solely related to the legal aspects of his or her client’s proposal, but generally advocate one proposal over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly communications with the intent to influence made by an engineer providing engineering analysis prior to the preparation or submission of an bid or proposal are not

- allowable under this section since the engineer is providing technical services but not directly in the preparation, submission or negotiation of a covered Federal action.
- (C) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation and any other requirements in the actual award documents.
 - (D) Only those services expressly authorized by subdivisions (b)(3)(ii)(A)(1) and (2) of this clause are permitted under this clause.
 - (E) The reporting requirements of [FAR 3.803\(a\)](#) shall not apply with respect to payments of reasonable compensation made to regularly employed officer or employees of a person.
 - iii) Selling activities by independent sales representatives. The prohibition on the use of appropriated funds, in subparagraph (b)(1) of this clause, does not apply to the following selling activities before an agency by independent sales representatives, provided such activities are prior to formal solicitation by an agency and are specifically limited to the merits of the matter:
 - (A) Discussing with an agency (including individual demonstrations) the qualities and characteristics of the person's products or services, conditions or terms of sale, and service capabilities; and
 - (B) Technical discussions and other activities regarding the application or adaptation of the person's products services for an agency's use.
 - c) Disclosure.
 - 1) The contractor who requests or receives from an agency a Federal contract shall file with that agency a disclosure form, [OMB standard form LLL](#), Disclosure of Lobbying Activities, if such person has made or has agreed to make any payment using non-appropriated funds (to include profits from any covered Federal action), which would be prohibited under subparagraph (b)(1) of this clause, if paid for with appropriated funds.
 - 2) The contractor shall file a disclosure form at the end of each calendar quarter in which there occurs any event that materially affects the accuracy of the information contained in any disclosure form previously filed by such person under subparagraph (c)(1) of this clause. An event that materially affects the accuracy of the information reported includes-
 - i) A cumulative increase of \$25,000 or more in the amount paid or expect to be paid for influencing or attempting to influence a covered Federal action; or

- ii) A change in the person(s) or individual(s) influencing or attempting to influence a covered Federal action; or
 - iii) A change in the officer(s), employee(s), or Member(s) contacted influence or attempt to influence a covered Federal action.
- 3) The contractor shall require the submittal of a certification, and if required, a disclosure form by any person who requests or receives any subcontract exceeding \$100,000 under the Federal contract.
- 4) All subcontractor disclosure forms (but not certifications) shall be forwarded from tier to tier until received by the prime contractor. The prime contractor shall submit all disclosures to the CO at the end of the calendar quarter in which the disclosure form is submitted by the subcontractor. Each subcontractor certification shall be retained in the subcontract file of the awarding contractor.
- d) Agreement. The contractor agrees not to make any payment prohibited by this clause.
- e) Penalties.
 - 1) Any person who makes an expenditure prohibited under paragraph (a) of this clause or who fails to file or amend the disclosure form to be filed or amended by paragraph (b) of this clause shall be subject to civil penalties as provided by [31 USC 1352](#). An imposition of a civil penalty does not prevent the Government from seeking any other remedy that may be applicable.
 - 2) Contractors may rely without liability on the representation made by their subcontractors in the certification and disclosure form.
- f) Cost allowability. Nothing in this clause makes allowable or reasonable any cost that would otherwise be unallowable or unreasonable. Conversely, costs made specifically unallowable by the requirements in this clause will not be made allowable under any other provision.

The CO shall also coordinate with SBA prior to processing any novation agreement. The CO may assign contract administration functions to a contract administration office.
- c) The contractor agrees:
 - 1) to notify the CO, simultaneously with its notification to SBA (as required by SBA's 8(a) regulations), when the owner or owners upon whom 8(a) eligibility is based, plan to relinquish ownership or control of the concern. Consistent with 15 USC 637(a)(21), transfer of ownership or control shall result in termination of the contract for convenience, unless SBA waives the requirement for termination prior to the actual relinquishing of control; and,
 - 2) to adhere to the requirements of [FAR 52.219-14](#), Limitations on Subcontracting.
